School Statement: Vision, Values & Aims, Curriculum Rationale

At Prospect Bank, our vision is for all learners to:

- Become competent and confident social communicators
- Have effective supports and strategies in place to maintain a well-regulated emotional state
- Have secure and trusting relationships with adults who support them
- Have help to cope with everyday stresses enabling them to be most available for learning and interaction

Our school values are Safe, Kind, Curious and Ready. These values reflect the key areas of focus to support our pupils when they are dysregulated.

At Prospect Bank, we use the SCERTS Model alongside Curriculum for Excellence to ensure we are 'getting it right for every child.' We provide regular opportunities for our pupils to experience success, be effective contributors, confident individuals, and responsible citizens. We do this through our curriculum, opportunities for applying skills to real-life situations and contextual learning where possible. The work we do with our partners and community also contribute to the success of our learners. Our aim is for our learners' to be able to **communicate, regulate and participate** to the best of their ability throughout their life.
